Good Fun, Good Friends, Great Cause...PHINS Annual Benefit Golf Tournament

Dear Friend,

Planning is underway for the 2010 PHINS Open, and we invite you to be part of this great event!

Parrot Heads in Natural Settings (PHINS) will host its 13th annual benefit golf tournament on June 19. Proceeds will benefit **Community PedsCare**, the pediatric hospice and palliative care program of Community Hospice of Northeast Florida. In just five years, our sponsors, donors and players have enabled us to give nearly \$50,000 to this important program. **Thank you!**

We ask you to consider joining us as a prize donor. All donors will be recognized at the tournament awards ceremony, at the tournament prize display and in the tournament program. In addition to the recognition and marketing exposure, your participation is an opportunity to make a difference in the lives of families and children faced with one of life's most difficult challenges.

The tournament includes morning and afternoon flights of play. We anticipate 288 golfers and will have many more family and friends join us for the weekend of activities.

Please consider how you can help, return the enclosed donor agreement form. There are still opening for golfers, too, and we would love for you to plan to be with us on June 19. We are planning a great day of fun and community – **please join us!**

Many thanks,

Roger Dockery
Golf Committee Chair

PHINS – PARROT HEADS IN NATURAL SETTINGS – is a social club whose members enjoy the music of Jimmy Buffett and the laid back island lifestyle. *Contributions to PHINS, a 501(c)(3) nonprofit organization, are tax-deductible as allowed by law.*

Proceeds from the tournament benefit **COMMUNITY PEDSCARE**, a pediatric program of Community Hospice of Northeast Florida caring for children with life-threatening illnesses or injuries and support for their families.

To be included in print materials, commitment must be received by **May 31, 2010.**

Community PedsCare is a pediatric palliative and hospice program for children with life-threatening conditions. A program of Community Hospice of Northeast Florida in collaboration with Wolfson Children's Hospital, Nemours Children's Clinic and University of Florida, Community PedsCare offers support, comfort and care to these children and their families.

Children in the Community PedsCare program are cared for by a team of physicians, nurses, social workers, clergy and volunteers. Parents, siblings, grandparents and other family members benefit from support services and counseling provided by the team.

Most Community PedsCare children are in *palliative care*, meaning that they have life-threatening conditions, but may still be seeking curative or life prolonging treatments. Others are in *hospice care*, which is designed for children with a life-expectancy of six months or less who have forgone curative treatment.

Medicaid or private insurance will often cover hospice care and some palliative care services, however, the majority of Community PedsCare services are not reimbursed by insurance and are provided without charge to patient families. *Families are never denied access because of inability to pay.*

Charitable gifts to the **Community Hospice Foundation** provide vital funding for this program, which costs \$1.2 million each year. Caring for more than 150 children and their families each year, Community PedsCare is one of the largest programs of its kind in the United States.

Community PedsCare provides seamless care from hospital to home, at doctors visits, at school.....when and where our children and families need it most.
